

Kymyo Industrial Co., Ltd.

Air Orbital sanders, air linear sanders, air finger sanders, air polishers, air belt sanders, air files & saws

Ever since its inception in 1986, Kymyo Industrial Co. has dedicated itself to the development and production of air sanders and related air tools for professional uses such as auto manufacturing, auto repair, wooden furniture manufacturing and boatbuilding. Over the years, the company has built up a solid reputation in the global market.

With the expertise accumulated over more than 20 years, the company supplies a wide range of sanders including mini and heavy-duty random orbital sanders, mini and heavy-duty jitterbug sanders, free sanders, linear sanders, finger sanders, tri sanders, gear-driven sanders, wet sanders, belt sanders, disc sanders, polishers and related parts and accessories. The product lineup also includes air files & saws, air drills and wet/dry vacuum cleaners.

Among the firm's hottest-selling products in the American, European, Japanese, and Southeast Asian markets is the CY309 air sander series, which features ergonomic design and light weight for long-time operation as well as a lower center of gravity and less noise and vibration than competing models. These air sanders are much sought-after by users in the wood furniture, auto repair and maintenance, yacht furnishing, masonry, glass making, and fiber reinforced polymer industries, among others.

Kymyo also welcomes cooperation on an OEM (original equipment manufacturing) or ODM (original design manufacturing) basis. Among its other achievements, the company is known as the supplier of the COMBEST-brand air tools that are sold in Asian countries such as Japan, Korea, China, Vietnam, Malaysia, and Indonesia.
