

# Hong Yu Industrial Corp.

## Brass piping, bathroom parts

Established in 1989, Hong Yu Industrial Corp. is a seasoned maker of brass pipes and bathroom parts.

A major supplier of brass piping and bathroom parts for bathroom fixture makers and brand vendors in Taiwan, Hong Yu supplies products extensively to buyers of firefighting equipment, reverse osmosis water filters and kitchen faucets, turning out up to 50,000 brass pipes in standard specifications monthly.

The company's core skills is its cutting-edge brazing, bending technologies that are achieved with dedicated application and full lines of precision manufacturing equipment as CNC lathes and pressing machines.

To uphold high quality, the company imports only silver solder that is globally certified to be 56% silver-content to braze copper pipes with minimum lead and cadmium, with its line of products mostly targeted at the mid-to-high-end sector and widely sought-after as products backed by decades-long know-how.

Drawing on seasoned production capability, the company can also help customers with OEM (original equipment manufacturing) and ODM (original design manufacturing), and more importantly offer brass piping production in precision specifications and small volumes.
