

Nan Shun Spring Co., Ltd.

Precision springs, wire form parts, hardware parts
and various fittings

Established in 1987, Nan Shun Spring Co., Ltd. is a specialized supplier of springs and related industrial parts with two plants in Taiwan.

Well integrated production capability is the company's intrinsically competitive core, which takes it considerable time and resources to achieve. Presently, this maker can handle wire forming, forging, stamping, die casting and lathing in house to satisfy customers with one-stop, professional manufacturing services.

To enhance production efficiency and qualitative consistency, the company is equipped with more than 20 sets of CNC machines and machining centers, 10-plus sets of wire forming machines, as well as various inspection instruments as hardness and torsion testing machines, IR testers and related measuring devices, all of which are periodically maintained and calibrated to assure proper performance.

The company is also noted for comprehensive knowledge of metallurgy, hence able to handle steel, stainless steel, iron, copper, zinc, aluminum and special steel alloys in production.

The company offers springs, wire forms, flats, clips, clothes hangers, hooks, rings, clamps, metal hardware parts, CNC machining products, spring leaves and sheets, pins, wire form bending shapes, electronics parts, furniture hardware, computer parts, molds, forged and die cast products, chair tube connectors, metal fittings and accessories, door knockers, screws, fasteners, washers, metal stationery products, etc., most of which are exported to the U.S.

Additionally, this company fills OEM (original equipment manufacturing) orders, offers consultancy related to manufacturing and design.
