

Fong Chen Plastic

Technology Ind. (Suzhou) Co., Ltd.

Plastic molds, plastic injection molding,
plastic injection assemblies, plastic parts

Fong Chen Plastic Technology Ind. (Suzhou) Co., Ltd. specializes in making plastic injected parts and molds in New Taipei City, northern Taiwan, whose business has reached Europe, Japan, India, the U.S. and Australia.

With seasoned plastic injection molding capability, this maker turns out plastic parts for computers, hardware, automobiles, machinery, household products, water purifiers and so forth, all of which are available in ABS, PC, PPS, POM, PVC, PE, PP, HIPS, GPS, PC+ABS, NY6, NY6+GF, NY12, NY12+GF, NY66, NY66+GF, PBT, PET, PBT+GF, TEFLON, LNP, TPU, TPR, and PMMA.

This company operates a factory across 23,000 square meters in mainland China, with a number of plastic injection molding machines ranging in capacity from 50 metric tons to 1,100 tons, as well as tooling machines, CNC machines, dehumidifying dryers and thermal controllers.

To achieve reliable quality, the company sets up inspection instruments in-house, and consistently sticks to by-the-book quality control, resulting in its ISO- 90001, ISO14000, QC080000, UL-746, and TS-16949 certifications.
