

# Winjet Bright Auto Lighting Co., Ltd.

Wheel caps, auto lamps, head lamps, tail lamps, signal lamps

Winjet Bright Auto Lighting Co. is a leading manufacturer of auto lamps and wheel caps, with ISO 9001 and TS 16949 certification. The company claims that it is the first of its kind in China to have product styling and structure design capability, tooling development capability, product testing/inspection labs, and production facilities all under one roof.

Over the past decade, the experienced manufacturer has been actively expanding its operating scale, backed by advanced manufacturing facilities and industry-leading technology. Its product line includes auto head lamps, tail lights, fog lamps, signal lamps, and other products, all of which meet the stringent requirements of DOT of the U.S. and E-Mark of Europe, as well as the RoHS standard.

In addition to serving professional buyers around the world, Winjet also supplies quality and innovative auto accessories to big international retail chain stores such as TESCO and K-MART. Its major export markets include Europe, America, Asia, and the Middle East.

Winjet's high-quality products are globally marketed under its own "WINJET" brand. Some are also supplied to international brands on the ODM and ODM basis.

The company operates large, modern integrated manufacturing facilities in the Shunde District in Foshan, Guangdong Province, with a total workforce of 1,000 people. It also maintains an in-house R&D department, tooling workshops, and high-level labs to assure the best quality.

The versatile manufacturer says that it constantly pursues newer and better technologies in its production and product-development operations. With support from its strong R&D center, Winjet is confident of its ability to provide the best possible OEM/ODM services to customers throughout the world.
