

# Huashiduen Enterprise Co., Ltd.

## Automotive, adjustable and 4x4 shock absorbers

Huashiduen Enterprise Co., Ltd. specializes in developing and manufacturing high-quality and durable automotive shock absorbers for almost all car models and has over 20 years of accumulated experience and know-how.

In pursuit of the highest levels of quality and innovation, Huashiduen recruits experienced R&D staff to research the latest technical development trends, new materials and equipment. And the result is the introduction of newer and better shock absorber products in both the performance-tuning and replacement markets.

According to Huashiduen, global customers have been quite satisfied with the overall quality, superior performance and durability of its products, creating the best cost/performance (C/P) value in the market. The shock absorber manufacturer is also very proud of its advanced management and production efficiency, high production volume and stringent quality control system, all of which result in Huashiduen's high-quality and reasonably-priced products.

Thanks to Huashiduen's intensive investment efforts in product development, the manufacturer supplies shock absorbers to more than 100 car models. The company is a major player in Taiwan's tuning and replacement markets, and its exports have been increasing rapidly.

All of the key parts and production processes are manufactured and conducted in-house at Huashiduen's modern and integrated factory in Tainan in southern Taiwan, assuring the highest possible quality level. As a result of the company's insistence on integrated production, all processes, including parts stamping and CNC processing, tooling

design and development, and assembly and packaging, are performed by skillful workers.

Huashiduen is a specialized shock-absorber supplier that focuses on professionalism, quality, efficiency, innovation and satisfactory customer service, the company says. The maker welcomes your inquiries regarding its quality products and services.
