

MORI, Team Machinery Co., Ltd.

Brush cutters, grass trimmers, earth augers, lawn powers, power pruners, pole hedge trimmers, outdoor power equipments

Strong R&D and manufacturing capabilities have helped to make MORI, Team Machinery Co., Ltd. a top-end supplier of professional outdoor power equipments for gardening and landscaping. The products are marketed under the "MORI" brand.

MORI, Team Machinery has earned ISO9001 certification and won TTQS (Taiwan TrainQuali System) recognition. It offers a range of power agricultural equipments including brush cutters, earth augers, power pole saws, pole hedge trimmers, multi garden tool, knapsack power sprayers, and related spare parts and accessories as gear case assemblies, harnesses, cutting attachments, clutch drums, throttle lever assemblies, and driving shafts.

MORI, Team Machinery enjoys a global competitive advantage derived from decades of experience in manufacturing agricultural and garden tool parts for Japanese customers on an OEM (original equipment manufacturing) and ODM (original design manufacturing) basis.

MORI, Team Machinery makes all of its products under strict by-the-book quality measures and with state-of-the-art technologies developed through partnerships with local universities and Japanese clients, helping it to earn CE, TUV and SGS approval. The use of high-quality engines from top-caliber Japanese suppliers such as Kawasaki, Mitsubishi, Honda and Subaru Fuji Robin enhances the performance of its products.

MORI, Team Machinery also develops EBC-240, electric brush cutter; battery (DC) grass trimmer, which will hit the market in October 2012. This machine is as powerful as gasoline type, lasts longer operation time and also will pass CE & PSE tests.

MORI, Team Machinery's model no X-800, X-600, S-400 are shoulder type of brush cutter & grass trimmer; model no. BP-260 is backpack type of brush cutter; model no. THP-250 is knapsack type of power sprayer; model no. LHT-240 & SHT-240 are pole hedge trimmer. All above are professional garden machines with CE, SGS and TUV certifications. The model no.
