

# Yih Chuan Industrial Co., Ltd.

Flexible hose connectors, PET wire-braided hoses, vinyl hose connectors, stainless- steel wire-braided hoses, lint traps, fittings.

Established in 1978, Yih Chuan Industrial Co., Ltd. is a leading manufacturer of plumbing products and boasts advanced plumbing technology and equipments. The company is located in Changhua County, which is the “faucet manufacturing base of Taiwan.” The company’s plant, which covers an area of 6,000 square meters, is equipped with modern and precision machinery and has a strong work force of over 80 people with decades of experiences and technical skills.

The company’s products are vital to all plumbing hoses, such as high quality Flexible Hose Connectors, PET wire-braided hoses, Vinyl hose connectors, Stainless- steel wire-braided hoses, Lint traps and fittings.

With integrated manufacturing capability, the company always meets customers’ different demands and provides more than 100,000 pieces per day following precise experiment and measuring.

The company has been granted UPC certificate by IAPMO in USA, CSA approval in Canada, and AB1953 California Law approval. Yih Chuan has established long-term partnership relationship with many world-famous brands. Products are sold to the US, Canada, Latin America and Asia at competitive prices.

“We believe that our confidence comes from customers’ satisfactions and compliments. We devote ourselves to offering the highest quality products and prompt delivery,” a top company official stresses.
