

# Car Full Enterprise Co., Ltd.

Auto body parts, auto lamps, door mirrors etc.

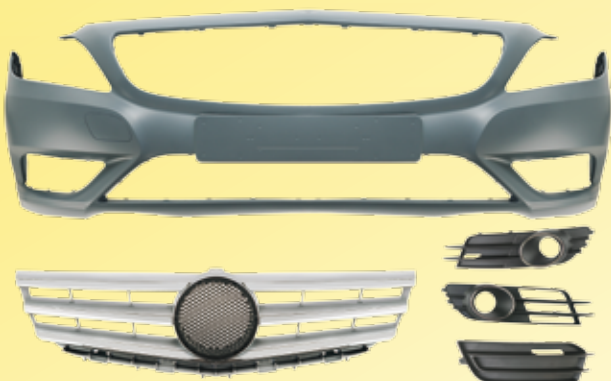

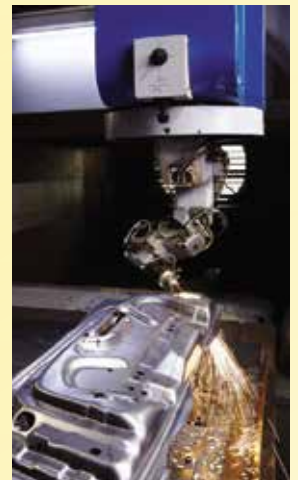

Founded in 1987, Car Full Enterprise Co., Ltd. is a major player in the global automotive body-parts business, specializing in manufacturing a wide array of body-parts for popular makes and models, including bumpers, grilles, hoods, fenders, lamps, and mirrors, all of which made with the most advanced equipment and delivered after stringent quality-control to assure the highest quality and durability.

To provide all-round service, Car Full also helps customers outsource other auto-parts products, such as chassis parts and electrical parts. With long-term relations with many quality suppliers, Car Full is very confident in supplying the best cost/ performance (C/P) value to achieve win-win status with clients in different markets.

In addition to sales and trading finished products, Car Full also fills OEM/ODM orders to develop molds (dies) for customers.

After gaining solid foothold in aftermarket replacement parts, Car Full claims to have expanded into a developer and manufacturer of retrofit car parts, stressing to continue to offer products featuring the latest technology to satisfy customers.

With extensive experience and know-how, Car Full is fully capable of offering the most satisfactory services to global customers, in addition to product comprehensiveness, quality and reasonable prices.
