

Welltrust Industries Co., Ltd.

Ergonomics Seating & Workstation

Office chairs, stacking
chairs, and workstations

Established in 1991 in Tainan, southern Taiwan, Welltrust Industries Co., Ltd. is a leading manufacturer and exporter of office furniture and components. Its main product lines include executive chairs, mesh chairs, ergonomic chairs, reception chairs, stacking chairs, computer desks, conference tables, workstations, and related accessories.

The company has spared no effort to carry out R & D and cooperate with designers of different backgrounds to develop distinct and innovative high-quality furniture products that meet the varying demands of different markets.

To guarantee top quality, all of the company's products are tested to the BIFMAX5.1-2002 standard and most of them are patented in the United States, Europe, China, and Taiwan.

"Quality" is Welltrust's life blood and the motto that each of its employees lives by. To assure the highest quality standards, the company has invested heavily in cutting-edge design software and high-precision inspection equipment, and its own quality-control team inspects products at every stage of manufacturing from the procurement of raw materials to the finished product, packaging, and shipment.

The company has won ISO-9001 certification, helping it to offer its customers top-quality products and outstanding services along with competitive prices.

Today the firm sells its products mainly to the U.S., the Middle East, Germany, the U.K., and Japan, where it has earned a good reputation for quality and reliability.

Welltrust remains committed to the constant introduction of high-end products and welcomes orders of any kind. It guarantees fast and flexible solutions that meet all the special needs of its customers.
