

Peiping Precision Enterprise Co., Ltd.

Tools, cutters and drill grinders

Founded in 1980 in Taichung, central Taiwan, Peiping Precision Enterprise Co., Ltd. is dedicated to manufacturing tools, cutters, drill grinders, end mill grinders, drill sharpeners, gun drill grinders and tap grinders, with production equipment all strictly certified.

The company won a gold medal at the Exhibition of Inventions Geneva as well as many patents, which, coupled with good quality, help the company to build confidence among customers.

Diligently working on new product and technical developments, the company is recognized as a top maker of tools and cutter grinders in Taiwan and the world's only grinder maker to supply drill grinders with maximum grinding diameter of 100mm.

Universal tool grinders and CNC cutter grinders are the company's bread-and-butter, which are known for accuracy, versatility and powerful function, as well as speedy grinding, easy installation, low heat transfer coefficient, deform-resistance and reliability. These machines handily process various cutters to shorten production cycle and boost output, as well as being CE marked.

The company delivers products under its brand names, with 70% exported all around the world, mainly including the United States, Europe, Russia, Australia, the Middle East, South Korea, Japan, Indonesia, Thailand, Malaysia, Singapore, Hong Kong and China.
