

Tower Popular Ind. Co., Ltd.

Roof racks, bicycle carriers, cargo bars, carbon-look stickers, truck/car accessories

Established in 1985, Tower Popular Ind. Co., Ltd. is a veteran specialist in the development and manufacture of automobile luggage racks, bicycle carriers, and accessories for car, truck, and racing applications.

The company says that it focuses on developing and innovating revolutionary new products, which are improved to meet the practical needs of users.

Tower Popular always adopts the latest production equipment and introduces advanced technologies in an effort to further consolidate its reputation in the industry. Its business philosophy is based on honesty and responsibility, together with the provision of top-quality products at reasonable prices, coupled with prompt delivery. As a leading supplier of automotive roof-rack products, the firm constantly collects information on the needs of both customers and end-users to improve its products and give them the most advanced functions, easy operation,

simplified mechanisms, and compact sizes.

Tower Popular often engages in joint projects with other companies so as to further upgrade its technical capability and the quality of its technicians, as well as to enhance its competitiveness in the market.

The company's wide array of products includes roof racks (rain gutter type), bicycle carriers, universal-fitting side rail bars, cargo bars, carbon-look stickers, sport spoilers, fuel caps, shift knobs, brake handle covers, and other car/truck accessories.

Tower Popular welcomes customers to contact it for further information, or for joint development projects.
