

# Taiwan Kuo Her Industrial Co., Ltd.

Control cables, speedometer cables, choke cables,  
industrial safety products

Ever since its inception in 1992, Taiwan Kuo Her Industrial Co., Ltd. has specialized in the production of cables and ropes mainly for fitness and sports equipment, including steeping machines, skiing machines, and weightlifting equipment, as well as for industrial safety.

Backed by more than 20 years of professionalism, the company handles the entire production process at factories in both Taiwan and China, where advanced manufacturing equipment and quality inspection instruments are used together with stringent quality control measures to assure consistent and reliable quality, production efficiency, and prompt delivery.

Taiwan Kuo Her is known as a problem-solving custom manufacturing service provider. It can take advantage of state-of-the-art production technology and extensive R&D knowledge to help customers build trendy leisure and sports products and to enhance their added-value with specially tailored, functional products.

After decades of development, the company's product range now covers a wide array of control cables, speedometer cables, choke cables, winding steel wire ropes, anti-friction steel wire ropes, skiing ropes, surfing PU winding wires, safety tool ropes, and soft tubes for hand tool production; fittings for hangtags, key chains, and name plates; and security locks, safety cables, and special cables coated with PVC, PU, and nylon. OEM (original equipment manufacturing) and ODM (original design manufacturing) are also among the company's strengths.
