

Eagle Eyes Traffic Ind. Co., Ltd.

Headlamps, tail lamps, corner lamps, side lamps, bumper lamps, fog lamps, center high-mounted stop lamps and daytime running lamp (DRL)

As a veteran maker of high-quality automotive lamps founded back in 1979, Eagle Eyes Traffic Ind. Co. supplies a comprehensive range of products including headlamps, tail lamps, corner lamps, side lamps, bumper lamps, fog lamps, center high-mounted stop lamps and daytime running lamp (DRL).

The company provides an unmatched range of both aftermarket (AM) and performance-tuning products in conformance with the standards such as E-mark, DOT and CAPA, etc., always trying its best to develop new products and upgrade its hardware and software equipment. To that end, it constantly invests in manufacturing machinery, R&D facilities, and testing and inspection equipment.

The company is certified with TS 16949:2009, ISO 9001:2008, CAPA and AQRP. Its laboratory is able to perform environmental and photometric tests to meet the standards such as E-Mark, DOT and CAPA.

Eagle Eyes holds to an uncompromising stance on product quality, claiming that its goal is to provide the most competitive prices, most complete product portfolio, and finest services for its customers.

Customer support, indeed, is the firm's top priority.
