

# Zan Win Enterprise Co., Ltd.

Motorcycle, scooter and ATV performance parts & accessories, performance shock absorbers, engine parts etc.

Founded in 2000, Zan Win Enterprise Co., Ltd. is a seasoned supplier specializing in designing and developing high-end performance parts and accessories for motorcycles, scooters and all terrain vehicles (ATVs).

The company closely cooperates with dozens of high-grade manufacturers in Taiwan, commissioning production of high-end, durable and functional items. Zan Win claims that as it focuses only on the global upper market, all its products are 100% made in Taiwan by quality makers and advanced equipment.

Zan Win supplies several major product categories, including performance shock absorbers, engine parts, exhaust systems, continuous variable transmission (CVT) systems, and a wide variety of machined aluminum-alloy items. The supplier globally markets products with its own "Z" brand, or accepts OEM/ODM orders.

The maker says that it aims to achieve weight-cutting, beauty-enhancing, function-upgrading. For example, the firm supplies high-end aluminum-alloy shock absorbers with both dampening index- and air tank-adjustable functions; comprehensive range of engine performance-upgrading parts such as cylinders, cylinder heads, pistons, piston rings (mainly for scooter engines); top-end exhaust systems and parts, such as pure-carbon and -titanium exhaust mufflers, stainless-steel mufflers that raise horsepower; and many machined items of aluminum alloy as levers, engine fan covers, handle bars, fuel tank caps, step, step levers etc.

Zan Win's high-end products are widely welcome by major customers in Japan and the United States. In recent years, the firm has been enjoying increasingly strong demand from emerging markets as China and Association of Southeast Asian Nations (ASEAN).
