

# Sincere Metal Ent. Co., Ltd.

Cylinder locks, building-use locks, anti-theft locks for autos aluminum & zinc die-cast items, and motorcycle & bicycle locks

Sincere Metal Ent. Co., Ltd. has decades of experience in turning out locks and related accessories at its base in the central Taiwan city of Taichung. The firm's aluminum and zinc die-castings and anti-theft locks for automobiles, motorcycles, and bicycles are well-known in global markets, where they are sold under Sincere Metal's own brand, "FANTA." The company also welcomes OEM/ODM (original equipment/design manufacturing) orders.

Strenuous efforts to upgrade production facilities have enabled Sincere Metal to become a top-notch maker able to turn out a wide variety of locks for different purposes, including steering wheel locks, car door locks, gear-shift locks, motorcycle locks, bicycle locks, cylinder locks, spare tire locks, alarm systems, and anti-theft devices, as well as interior accessories.

Sincere Metal currently exports 90% of its output. Its small-batch, large-variety production mode and strong innovation capability keep the firm strongly competitive in the worldwide market.

The company welcomes inquiries and orders from customers worldwide and hopes to achieve mutually beneficial partnerships with them.
