

Yaw Len Enterprise Co., Ltd.

Piston rings, titanium-plated piston rings for auto, motorcycle, outboard, snowmobile, agricultural machine, boat engines

Founded in 1984, Yaw Len Enterprise Co., Ltd. is a veteran maker specializing in producing high-quality and -precision piston rings for various internal combustion engines (ICE).

The maker supplies piston rings ranging in diameters from 21mm to 100mm, including titanium-plated models, for various applications including autos, motorcycles, lawnmowers, agricultural machines, outboard engines, all terrain vehicles (ATVs), jet skis, snowmobiles, boats, air compressors etc.. In addition, the firm offers piston rings and custom-made products.

Over the past 30 years or so, Yaw Len claims, the firm has been constantly investing in renewing manufacturing and testing equipment, as well as strengthening R&D capability to develop and produce the best-quality piston rings.

Thanks to its outstanding quality and production efficiency, Yaw Len has also been a major supplier to many first-class piston-ring makers and assembled-vehicle makers in Taiwan and many other nations, confirming its ability and expertise.

Yaw Len says that it insists on “quality perfection”, “price competitiveness”, and “sincere service” to serve global customers.
