

# *Yu Shung Nations Co., Ltd.*

Rubber and silicon parts, O-rings, oil seals, gaskets, rubber cover

**Y**u Shung Nations Co., Ltd. was founded only in 2008, but already it has built up a solid reputation as a specialist in developing and manufacturing a large variety of rubber, and silicon parts for a variety of industrial applications, including automobiles, motorcycles, machinery, hardware, furniture, lighting, electronic devices, water-proof equipment, sporting goods, and many others.

The company's products are manufactured at a modern integrated factory in southern Taiwan and are widely popular with customers worldwide, who appreciate their high quality and durability.

Yu Shung supplies products in a broad range of categories including rubber and silicon items, O-rings, oil seals, gaskets, sleeves, rubber cover, auto/motorcycle parts, waterproof rubber sleeves, vibration-proof mounts, vacuum suction disks, profile-extruded moldings, pads, rubber sheet, rubber sleeves, machine parts, suckers, rubber pads, ottomans, snorkels, liners, shaped articles, pneumatic/ hydraulic parts, plugs, and many others.

The maker claims full capability for the designing, development, and production of all kinds of rubber and silicon parts on the OEM/ODM basis. It is able to use different materials in making quality products that meet differing industrial requirements. In addition, Yu Shung claims that it never hesitates to share its experiences in product development and manufacturing with its clients.

Currently, Yu Shung sells about 60% of its products domestically and exports the remaining 40% to customers around the world. With a focus on OEM/ODM operations, the company stresses that it always enforces the most stringent quality policy.

The company says that it strives to achieve a win-win situation with its customers through quality manufacturing and cost-control capability, as well as the finest of after-sales services.
