

# Hung Chuan Machinery Enterprise Co., Ltd.

Crushers, dryers, pharmaceutical machines, mixers, aluminum plastic packaging machines, peripherals for food and chemical machines

With a history of more than two decades, Hung Chuan Machinery Enterprise Co., Ltd. founded in 1987, is a seasoned manufacturer of machines mainly for the herbal medicine, pharmaceutical, health food, and chemical industries.

With a wide range of applications and high performance, and backed by considerate after-sales services, the company's machines have been marketed in America, Europe, Asia, Australia, and the Middle East, and have established a solid reputation among professional buyers everywhere. Heavyweight customers include Albert Max Inc. of the U.S., Tung Fong Hung Medicine Co. of Hong Kong, PT. Margamas Citratama of Indonesia, and Eu Yan Sang of Malaysia.

The company's product catalog currently encompasses a wide spectrum of machines including crushers, plastic shell packing machines, dryers, Chinese herbal medicine auto pill making machines, semi-auto pill making machines, U-type blend mixers, Chinese medicament evaporators, and sand-belt type grinding and finishing machines, among others.

One of the firm's newest offerings is the Centrifugal Water Cooling Type Grinding Machine, a multifunctional machine that can grind a broad array of materials including rice, beans, hot pepper, curry, fishbone, starch, sapphires, quartz, limestone, gravel, hardening soft rubber, and salt.

This new model uses a high-tech air separator without meshes or nets, and has adjustable grinding fineness. The machine's shaft and grinding wheel are designed separately in the grinding chamber, which is large for easy maintenance, to enhance the lifespan of the machine as well as to assure consistent quality of the ground material. The machine is fully automatic, easy to operate, and clean, with high efficiency that has proven able to cut customers' production costs and enhance their profits.
