

# *Hsien Sun Industry Co., Ltd.*

## Automotive nuts, conical nuts, anchors, special nuts

Founded in 1973 in Tainan City, Taiwan, Hsien Sun Industry Co., Ltd. is a specialized manufacturer of automotive nuts, conical nuts, anchors, and special nuts. The company has equipped its 43,200-square-foot factory with an advanced ventilation system to sustain work efficiency.

The company started out making nuts for bicycles, but after decades of development (and the acquisition of ISO9001 certification) it has expanded into a wide range of conical nuts, anchor nuts, sleeve anchors, heavy-duty anchors, nylon hammer fittings, wedge anchors, furniture nuts, cap nuts, auto parts, T-type nuts, square nuts, hex and round coupling nuts, thread nuts, and locking nuts.

With a thorough understanding of constantly changing global trends, Hsien Sun has developed the production of high-end nuts. It is Taiwan's first manufacturer of construction-use conical nuts and other specialty nuts.

The company's CE-certified anchor nuts for construction are available in both traditional and galvanized iron.

Hsien Sun constantly strives to upgrade its production technology and improve its product quality, and to build a solid reputation as one of the most trustworthy OEM suppliers of nuts to the international market. Backed by over 30 years of manufacturing experience, the firm is confident of its ability to supply both products and services of the highest quality.
