

Long Tai Yu Co., Ltd.

Control arm bushings, transmission/shock absorber boots, brake linings etc.

A developer and trader of automotive parts and accessories, Long Tai Yu provides trustworthy service, top-quality products and professionalism to win extensive customer satisfaction.

Besides trying to develop innovative auto parts, the company supplies a series of auto parts, including control arm bushings, transmission boots, shock absorber boots, brake linings, sway bar links, windshield wipers, shock absorbers etc.

In addition to providing high-quality, Taiwan-made products at competitive prices, the maker has since 2007 been meeting rising demand for online purchasing, with its own shopping website <http://www.autoparts.bnet.tw>. Apart from selling auto parts and accessories through the Internet, Long Tai Yu is also a troubleshooter and consultant online, offering customers reliable info and solutions.
