

Dynaway Machinery Co., Ltd.

Double-column machining centers, vertical/horizontal machining centers, vertical horizontal turret milling machine, CNC lathes, machine tool parts and accessories

Set up in 2005 in Taichung, central Taiwan, Dynaway Machinery Co., Ltd. began promoting in machine tools and accessories in 2012. The company provides total solutions for parts and mold machining, serving as a one-stop shop offering a comprehensive line of specialized machine tools and peripherals for the efficient handling of difficult and complex work.

The company began marketing products under its own “DYNAWAY” brand in Taiwan and overseas this year. The brand, the firm stresses, stands for its business motto--“Power up Your Business”—fully illustrating its aim of leading customers into the creation of the biggest profit margins possible.

Dynaway supplies a complete range of CE-approved machine tools including a full series of double-column, vertical and horizontal machining centers along with CNC lathes. With a monthly output of at least 10 machines, the company expects initial annual revenues of up to US\$3.5 million.

The firm offers an 18-month warranty valid from the day of shipment, guaranteeing the free repair of machines that malfunction or break down under normal use. It claims that all of its sales representatives have at least 15 years of experience in the machine tool industry, so they know almost everything about machining and are capable of helping customers find solutions to whatever problems they may encounter.

Dynaway also stresses that it fully understands the huge amount of funds its customers invest in machinery and equipment, and so it guarantees that its machines offer only the highest of quality and the best of quality-price ratios.
