

# Durable Auto Parts, Inc.

Automotive chassis parts including rack ends, and stabilizers.

Established in 2007 in central Taiwan's Taichung City, Durable Auto Parts, Inc. is a specialized manufacturer of chassis, steering, and suspension parts including rack ends and stabilizers for all makes and models of automobiles.

Backed by high technology, a complete QC system, 40 dedicated employees, and EN ISO 9001 certification, Durable has the ability to develop a full line of top-quality products. Its mainstream products are sway bar links and rack ends, which it turns out at a monthly average of 200,000 sets.

Exporting 80% of its output to Canada, the U.S., Europe, and Australia, Durable has gained a solid foothold in global markets and racks up annual revenues of US\$5 million. To meet the exact needs of its customers, the firm strives to provide excellent service, quick delivery, stable quantity, and top quality at competitive prices; it claims to be customer-oriented and trustworthy, and stresses that it welcomes inquiries for more information.
