

Jiu Tai Precision Industries Corp.

Welding machines and equipment, mesh making and fence weaving machines, spot welders, whole-plant solutions

Established in 1983, Jiu Tai Precision Industries Corp. has developed into a seasoned manufacturer of welding machines and mesh making and fence weaving machines at a 10,000-square-meter factory in Yunlin County, central Taiwan.

The company offers a comprehensive lineup of products, including welding machines and equipment, spot welders, automatic chain link fence machines, high-speed automatic chain link fence machines, high-speed barbed wire machines, wire mesh welding machines, welded mesh recoiler, welded mesh shearing machine, guillotine, wire drawing and ribbing machine, electric butt welder, hexagonal wire netting machine, wire and bar straightening and cutting machine, and more, all of which feature structural robustness, easy maintenance, and user-friendly operation.

In addition, Jiu Tai provides various wire mesh products such as welded meshes, chain link fence meshes, chain wire meshes, plywood conveyor belts, and mobile security barriers (automatic barrier fence deployment and retrieval) for traffic and riot control. The firm also uses its accumulated know-how and experienced practices to offer whole-plant solutions for fully automatic chain link fence production, and the complete welded mesh production line.

Years of experience in supplying high quality machines for the construction of prominent buildings, including the Taipei International Finance Building, Taichung Office Building of Monarch, Changtee Navigation Commercial Building, and Kaohsiung Baochen Commercial Building, have established the company's reputation as a top-end supplier. Even in the global market, Jiu Tai, which has been certified with ISO 9001 by BSMI and by CNS in Taiwan, has earned a reputation for its dedication to performance, quality, innovation, service, and timely & professional tech support.
