

Bentwood chairs, racks, bar stools and tables, dining sets, and office chairs

Founded in 1989, Chao Ching Woods Corp. is a well-known furniture manufacturer offering a wide variety of products including bentwood chairs, racks, bar stools and tables, dining sets, benches, trays and trolleys, office chairs, and metal folding chairs.

Well-honed manufacturing skills and accumulated know-how are the company's major advantages, keeping it competitive in the ever-changing market.

With a strong R&D team, the company constantly rolls out new products and strictly tests all of its products for safety and quality.

Noted for superior quality, quick delivery, and diversified design, Chao Ching has built a solid global reputation and receives a constant stream of repeat orders from its clients. Today 95% of its products are exported, mainly to the countries of Europe and South America.

The conscientious and practical Chao Ching significantly boosts the added value of its products, either on the request of customers or on its own volition. It welcomes inquiries and accepts OEM and special orders as well.
