

MAGAZI *International Co., Ltd.*

Rear-view mirrors for motorcycles and scooters, mirror accessories, auxiliary lights etc.

With more than 40 years of experience, MAGAZI International Co., Ltd. is a veteran company specializing in designing, developing and making high-quality side (rear-view) mirrors, mirror accessories, and auxiliary lights for mainly powered two-wheeler (PTW) applications.

After gaining very solid foothold in the international market as a major OEM/ODM supplier, the maker began globally marketing its own "MAGAZI" branded products. In addition, the firm also provides custom-development and -production services, with products widely welcome worldwide, especially in France, Germany, the U.S. etc.

MAGAZI is an ISO 9001-approved maker with a very strong R&D team, which has built the company into a dynamic designer, developer and producer of mirrors for all types of motorcycles and motor scooters. In addition, the maker claims that its high global competitiveness lies in the ability to produce a wide range of cost-effective mirrors with superior designs.

Innovation starts from mentally, MAGAZI claims, which is backed by the company's strong willingness to change, learn and adapt to new emerging market trends. With such attitude, every MAGAZI product features advantages in styling, structural design, superior material and functionality. The firm stresses to be fully confident in using different materials and adopting various production techniques to make products second to none!

Aerodynamics, functionality and aesthetics of each product are carefully reviewed, tested and finely blended by the firm's team consisting of experts in various fields to turn out products to exceed expectations of many enthusiasts.
