

# Chia Cheng World Industrial Co., Ltd.

Washroom accessories, bathroom accessories, soap dispensers, toilet tissue paper dispensers, toilet partitions, bathroom safety grab bars

Established in 1965, Chia Cheng World Industrial Co., Ltd. is today one of Taiwan's leading makers of metal washroom accessories, bathroom fittings, kitchen racks, and toilet partitions for use in hotels, commercial buildings, and public facilities and establishments.

With a consummate production capability and abundant metalworking know-how, the company has established a solid reputation as an OEM or ODM supplier of a variety of high-caliber bathroom fittings and washroom accessories using such materials as stainless steel, brass, and zinc. In some markets, Chia Cheng markets products under its own 'ARTICLE' brand.

Following its long period of stable development, the company is now able to play the role of an integrator by supplying a comprehensive range of products while maintaining only its core manufacturing technologies. It has a factory in China that is responsible for casting and electroplating, while its Taiwan plant handles stainless-steel stamping and mold/die development.

Chia Cheng inaugurated a new headquarters in Taiwan in 2012 to accommodate strong global demand. The new NT\$250 million (US\$8.3 million) complex, which encompasses offices, production lines, and a large logistics center, doubles Chia Cheng's production and inventory capacity, and boost its assembly capacity 10 fold, greatly shortening delivery times.

The company also plans to begin promoting its "ARTICLE" own-brand products in the vast and promising Chinese market.

Chia Cheng's major product categories include soap dispensers/dishes, toilet tissue paper dispensers/holders, paper towel dispensers, mirrors, robe hooks, kitchen utensils, towel rings, toothbrush holders, handicap grab bars, shower seats, toilet partition hardware, dust bins, waste receptacles, lever handles, hinges, bathroom locksets, door stops, and door slide latches, among others.

The products are shipped to 57 countries, with the largest amounts going to the U.S, Germany, France, Japan, Israel, and Saudi Arabia.
