

Cherng Min Enterprise Co., Ltd.

ABS wheel covers, door handle covers, mirror covers, tailgate handle covers etc.

Established in 1969, Cherng Min Enterprise Co., Ltd. is one of the most experienced Taiwanese developers and manufacturers of superior-quality ABS hub caps and many other plastic electro-plated auto accessories such as mirror covers (including chrome-plated), door handle covers, tailgate handle covers, mirror covers, hub caps among others.

The maker claims to offer total services including mold design and development, tooling development, plastic injection production, electro-plating, and global distribution to customers' local markets. It also offers customized service, including custom-development that is always available upon request to meet client satisfaction.

After gaining solid foothold in the U.S. market by working with American auto giants for about 40 years, Cherng Min has successfully tapped into the European auto-accessory market by leveraging its unmatched know-how and experience. The company says it not only delivers car accessories, but also

cooperates with automotive companies to develop molds and dies for car accessories, and pursue the best quality in terms of specific mold design, mold maintenance and mold engineering.

The company has comprehensive manufacturing equipment and facilities, including an ABS plastic injection plant, a plastic painting plant and a large plastic chromium-electroplating factory. In addition, the firm employs inspection and testing equipment and implements a stringent quality control system to assure the highest quality.

With steady investment in product development, Cherng Min claims to be fully ready in making high-grade car accessories for all European carmakers as Audi, BMW, Mercedes-Benz, Opel, Porsche, Volkswagen, Citroen, Peugeot, Renault, Alfa Romeo, Ferrari, Fiat, Lamborghini, Saab, Volvo, Jaguar, etc.

Cherng Min operates a modern and integrated factory in southern Taiwan with about 50 employees, supplying products that are widely welcome by customers worldwide, especially in North America, Japan, Australia and Europe.
