

# Tsai Hsing Fa Co., Ltd.

Auto repair tools, AM service kits, impact wrenches, air screwdrivers, ratchet wrenches , marine tools

Established in 1994, Tsai Hsing Fa Co., Ltd. is dedicated to making and exporting repair tools mainly for automobiles as an ISO-9001-certified supplier in Taiwan, with an own brand SK.

Inspired by real-world market experience, the veteran manufacturer has consistently improved manufacturing technologies and products according to end-users' needs of truly useful tools and tool sets, to help customers achieve bigger market shares with wide product variety.

The company supplies nearly all kinds of general, specialty auto repair tools, including ones for engines, tires, car doors and windows, chassis, as well as aftermarket service kits and equipment, aluminum and composite impact wrenches, grinders, air screwdrivers, air ratchet wrenches, air drills, and so forth, most of which have been well received globally for reliable quality and marketability.

The company's car-body repair tool set, for example, is a very popular item that is optioned with various combinations of ISO 9001-certified tools and quality standards recognized worldwide and at competitive prices.

In addition to OBM (original brand manufacturing), the company is also capable of handling orders on an OEM (original equipment manufacturing) or ODM (original design manufacturing) basis, as well as helping customers with molding, repairs and maintenance tools.
