

# Lung Hsin Scissors Co., Ltd.

Manufacturer of scissors, cutting tools, tailor scissors, EMT Scissors, medical scissors, kinesiology taping scissors, non-stick scissors, garden scissors, fishing scissors, Pro Aqua scissors, surgical scissors

Established in 1976, Lung Hsin Scissors Co., Ltd. is a veteran manufacturer of scissors, noted for time-tested production skills and knowledge.

For nearly four decades, Lung Hsin has been consistently focused on professionalism and refinement, sparing no effort on continuous improvement of quality and technologies to build a solid name in the line.

Drawing on its consummate production skills, skilled technicians and accumulated know-how, the company develops and supplies high-quality, innovatively designed scissors to meet customers' requirements and market trends. Its products include sewing and tailor scissors, thread cutter, hairdresser scissors, salon hair scissors, Japan Scissors, modeling curved scissors, pet grooming scissors, medical bandage scissors, EMT shears, Teflon coated scissors, non-stick scissors, kinesiology taping scissors, disposable surgical scissors and forceps, garden scissors, office scissors, craft scissors, finishing scissors, kitchen scissors, aquatic water plant trimmer, Pro-scissors angle, crochet hooks and all kinds of cutting tools.

To boost competitive advantages, this maker employs a full line of production equipment, such as punching presses, cutting machines and polishing machines, at its 72000-square-meter factory, where floor layouts and production management are strictly carried out in line with international standards to offer added value such as speedy delivery and competitive production costs.

Featuring competitive prices, innovative and market-oriented designs, and high quality that meet standards established in the EU, the company's scissors are sought-after by end-users globally, with over 90% going to the U.S., the Middle East, Southeast Asia and Japan annually. In addition, its long-term partnership with Japanese clients enables the supplier to capably fill OEM (original equipment manufacturing) orders, with monthly capacity exceeding 50,000 units.
