

# More Plus Fasteners Corp.

Screws, bolts, nuts, stampings,  
washers, anchors, rivets, special  
fasteners, and CNC parts

**E**ver since it was established in 1999, More Plus Fasteners Corp. has been dedicated to making high-quality fasteners and providing one-stop shopping services for customers all over the world.

The company started out by manufacturing fasteners according to customers' drawings and special requirements, and in doing so accumulated an abundance of experience in trouble-shooting and production. Following years of development, More Plus is now able to turn out a range of fasteners and industrial parts that comply with both North American and European standards.

The company's products encompass a wide variety of rope clips, plastic fasteners, weld studs, oil seals, wire forms, lathe parts, stamping parts, springs, washers, rings, self-clinching parts, bolts, pins, screws, nuts, rivets, and other special parts, all of which go to overseas markets. Globally known enterprises such as the U.S.'s BBI and Germany's Reyher Wurth, Berner Group, Metaplan Oy Finland and Fabory Group are among the end-users of the products.

Efficient production has contributed to More Plus's spectacular growth over the past. The company is proud of its well-structured manufacturing network, which consists of more than 40 associated factories. All of the associated factories PPAP (production part approval process) level 3 package can provide.

A strong commitment to quality gives More Plus added competitive strength. The ISO-9001-certified supplier carries out rigorous quality control throughout production and can help customers complete pre-delivery tests in A2LA-accredited labs, as well as providing RoHS and REACH compliance reports.
