

# Jac Win *Traffic Industrial Co. Ltd.*

## Motorcycle rearview mirrors

Jac Win Traffic Industrial Co. was founded in 1984 and has developed into a versatile ISO 9001-certified OEM/ODM (original equipment/design manufacturer) of review mirrors for motorcycles, a field in which it has carved out a solid niche with a comprehensive range of products for all kinds of motorcycles.

Even after accumulating so much experience and expertise in the business, Jec Win continues to work hard to develop innovative products and improve its R&D capability. Thanks to Taiwan's complete supply chain, well-trained technicians, and the latest in manufacturing technology and equipment (including computerized numerical control (CNC) machines, the company is proud of its ability to offer superior services to customers through a small-batch, large-variety model of production that keeps it ahead of its competitors. All Jec Win products are subjected to strict quality inspection.

Its long-term commitment to the development of pioneering products has won Jac Win an admirable global reputation and steady sales, especially in the European and Japanese markets. Despite the large amounts of money that it spends on product development and improvement, the company is still able to promise competitive pricing, prompt delivery, and sound after-sales services. This helps it to create mutually beneficial relationships with its customers.

With an emphasis on the provision of high-quality products, reasonable prices, punctual delivery, and constantly improving management efficiency, Jec Win is determined to adapt rapidly to changing market demands and to satisfy all the needs of its customers.
