

C-King Industrial Co., Ltd.

Couplings, hand wheels and handles, pulleys, taper bushes, adapters, and transmission belts

Couplings, hand wheels and handles, pulleys, taper bushes, adapters, and transmission belts

Established in 1986, C-King Industry Co., Ltd. is a leading manufacturer of flexible couplings and associated cast-iron items in Taiwan. The company supplies quality products for various industries, backed by reliable personnel with strong engineering capabilities who have turned C-king into a major name in Taiwan, China, and other countries.

C-King supplies mainly flexible couplings (rubber), chain couplings, pulleys, taper bushes, hand wheels, adapters, transmission belts, and rubber items, and is committed to providing customers the best products and services at the most competitive prices. In addition to the standard power transmission products which are popular in the market, the company also regularly launches new products to meet customers' specific needs.

The company's efficiency and high-quality manufacturing have generated satisfaction and loyalty, and have helped establish a solid reputation for excellence and long-term partnerships with customers.

The company invites customers to visit its showroom and welcomes inquiries for OEM production, custom orders, and more information.
