

Chien Pei Hsiang Ent. Co., Ltd.

Carburetor repair kits for cars, trucks, motorcycles, forklifts and agriculture equipment etc.

With more than 10 years of experience, Chien Pei Hsiang Ent. Co., Ltd. specializes in manufacturing carburetor repair kits for cars, motorcycles, trucks, forklifts and different agriculture machinery, also manufacturing motorcycle induction valves, induction manifolds, and motorcycle chains.

Most parts and components of the 30 to 40 items in a carburetor repair kit, the company claims, are made in-house with its comprehensive range of equipment, including stamping, computerized numerically controlled (CNC) machining centers etc.

Chien Pei Hsiang provides global customers very high product comprehensiveness, including repair kits for about 600 carburetor models, or thousands of models of vehicles, machines and equipment, making the company the first choice for one-stop-shopping service. The company's repair kits cover most Japanese makes and models. With continued investments in product development, the firm's product line increases by 50 to 60 every year. According to company executives, Chien Pei Hsiang's products are priced much lower than original equipment (OE) counterparts, without being inferior in quality and durability. With the highest cost/performance (C/P) value in the global aftermarket, the company's repair kits and other items are widely welcome by customers worldwide, especially in Southeast Asia, the Middle East, Africa, Latin America, Europe and the U.S.

Currently, Chien Pei Hsiang operates a modern factory with advanced equipment in Tainan, southern Taiwan, backed by about 20 people, all experienced and skilled engineers, technicians or sales experts.

The firm welcomes customers to provide product samples, and is very confident in supplying quality products with short lead time.
