

# Zhejiang Jinjia Auto Part Co., Ltd

Electric fuel pumps, fuel pump assemblies, electronic fuel-injection system parts

**E**stablished in 1988, Zhejiang Jinjia Auto Part Co., Ltd. is an ISO 9001-, ISO 14001- and ISO/TS 16949-certified company devoted to developing and manufacturing automotive electric fuel pumps, fuel-pump assemblies, and related products. The company currently has an annual production capacity of some 2.5 million electric fuel pumps.

The company has also won the GB/T2801-2001 and GB/T24001-2004 idt ISO 14001:2004 certifications, implying its devotion and commitment to the constant upgrading of product quality.

A leading player in China, the maker globally markets high-quality fuel pumps and related products under its own "JINJIA" brand to both aftermarket (AM) and original equipment (OE) customers. The company supplies more than 1,000 electric fuel pump models, as well as other related electronic fuel-injection system products which are suitable for various American, European, Japanese, South Korean, and Chinese cars, pickups, mini-cars, trucks and buses.

Jinjia's strong R&D team develops an average of more than 60 electric fuel pumps and over 50 fuel pump assemblies per year. Up to date, Jinjia has won 37 global patents for its products, and another 16 are pending.

Jinjia is a key OE fuel-injection parts supplier to many automakers in China. It now runs a big, integrated and modern production plant in Zhejiang Province spread across 16,000 square meters, and has another two subsidiaries, including one in Hefei, Anhui Province with factory floor area of 5,000 square meters, and another in Wenzhou, Zhejiang Province with floor area of 45,000 square meters.
