

Sindaco Automotive Industry Co., Ltd.

Truck and trailer parts, clutch boosters, foot valves, airmasters, relay valves, pressure regulators

Sindaco Automotive Industry Co., Ltd. founded in 1987, is now a veteran company with ISO 9001 certification that specializes in manufacturing high-quality parts for trucks and trailers, especially Japanese makes.

The quality products that the company markets globally under its own "SDC" brand include mainly clutch boosters, foot valves, airmasters, relay valves, pressure regulators, and brake chambers, among others. The firm stresses that its mission is to provide the best in quality and service to its valued customers.

With a vast store of accumulated know-how and experience, Sindaco claims deep knowledge and strong expertise in product development and manufacturing. In addition to 100% self-development of its products, the Sindaco factory in southern Taiwan uses 100% Made-in-Taiwan parts and components in the assembly of finished products. The most stringent quality-control measures are also enforced to assure the best quality and durability of each item produced.

SDC-brand truck and trailer parts are widely popular with customers in five continents, especially in the truck/trailer brake-parts segment. Sindaco stresses that it always insists on supplying the best-quality products and providing the finest of services in order to earn the trust of its customers.
