

KARAT INDUSTRIAL CORPORATION

Taiwan Professional Manufacturer of Hand Riveters, Riveting Tools, Rivet Nut Tools, Rivet Bolt Tools.

Founded in 1982, Karat Industrial Corp. is a specialized Taiwanese developer and manufacturer of hand riveters, riveting tools, rivet nut tools, and riveting bolt tools, with solid reputation among buyers looking for quality products for retailers, wholesalers, hypermarkets.

Karat is known for steady investment in R&D that is proven to help build sales and sustainability in increasingly challenging markets, backed by a well-trained R&D team that works to sharpen technological superiority. Such efforts have borne fruit as the company has obtained numerous patents in Taiwan and abroad for unique designs and innovative functions.

Another element behind Karat's current success is its strong commitment to developing, turning out quality products. The company adopts advanced inspection equipment in-house to ensure reliable quality control and the highest precision, durability of each batch of products. Obviously confident of its quality control program, the company offers a one-year warranty with all its products.

To differentiate itself from underselling competitors and enhance value for customers amid growing concern over environmental protection, Karat develops and designs products by adhering to recognized, eco-friendly standards as the EU's REACH SVHC.

Bolstered by the advantages mentioned above, Karat has built sizable sales, popularity among buyers particularly in Europe, the U.S. and other industrialized markets. This recognized maker also welcomes original design/equipment manufacturing (ODM/OEM) as well as own brand manufacturing (OBM) orders.
