

Ho Caster Industrial Co., Ltd.

Stainless steel heavy-duty, medium-duty, and light-duty casters, adjustable wheels, folding trolleys

Established in 1992, Ho Caster Industrial Co., Ltd. is a professional manufacturer of industrial casters and folding trolleys.

The manufacturer's product portfolio consists of casters and wheels of various specifications, adjustable wheels, industrial wheels, carts, folding trolleys, stackable wagons, warehousing casters, nylon casters, swivel casters, rubber casters, brake casters, and rigid casters, among other products.

Among Ho Caster's newest products are stainless steel series casters, which are available with wheels of advanced nylon and nylon-fiber covered with elastic rubber and have an integrated housing of 304-graded stainless steel that is 3mm thick, providing high structural durability and a carrying capacity of up to 300 kilograms.

Another new product category is medium- to heavy-duty casters featuring bearings of 6202-type chrome steel and a well-engineered structure with a 3mm Zinc-coated metal plate, capable of carrying 200-300 kilograms.

After more than 20 years of dedication to the continuous improvement of quality and technology, Ho Caster has built a solid name among professionals as a quality, engineering-driven manufacturer with time-tested integrity and consummate production capability. The company is committed to customer satisfaction and is eager to provide clients with timely, thoughtful services to help them solve problems and boost profits.

Bolstered by strong customer loyalty, the company exports its products worldwide, some under its own brands. It is well on its way to sustainable development.
