

# *Sunroad Rivnut Co., Ltd.*

Professional manufacturer of Rivet nut Steel, Stainless Steel, Aluminum & Brass, rivet, rivets, nuts, hollow rivets, pins.

**S**unroad Rivnut Co., Ltd. is a professional manufacturer of rivet nuts with a history of more than 25 years.

Backed by a rich store of know-how in cold forging and related processes, Sunroad Rivnut turns out rivet nuts from 3M to 12M in size and featuring high structural durability and resistance to salt spray. With proper hardness and anti-tilt structure, the company's Rivet nuts can be easily and quickly used to firmly fasten thin materials with nearly all kinds of tools and with no welding required.

The company currently supplies more than 300 million rivet nuts in various specifications a year, mostly for use in automotive production in Asia, Europe, and America. A large stockpile of more than 600 product items has been built up, enabling Sunroad Rivnut to meet clients' urgent needs.

Committed to the endless pursuit of excellence in the increasingly challenging market, the company works constantly to upgrade and expand its production facilities. It has obtained ISO9001:2000 certification, enabling it to satisfy customers as a reliable supplier of best-quality products at reasonable prices.
