

Ruey Ryh Enterprise Co., Ltd.

General garden tools, sprinklers, nozzles, spray guns, brass products

Founded in 1975 in Tawian's central county of Changhua, Ruey Ryh Enterprise Co., Ltd. has developed into a veteran manufacturer of gardening products and accessories with a solid reputation for its dedication to quality.

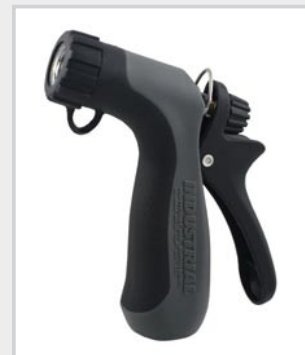

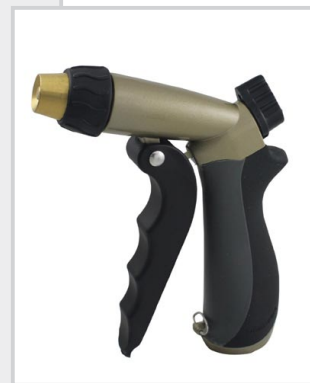

The company's product lineup encompasses a wide variety of nozzles, sprinklers, spray guns, brass accessories, and other items, mostly ready-to-use by DIY and professional users.

Nearly 40 years of devotion to continuous quality improvement have helped Ruey Ryh build a prestigious reputation. The firm carries out SGS-certified daily operations and quality control procedures at its modern plant, where state-of-the-art production equipment is laid out and operated in compliance with international standards to assure the highest efficiency and consistent quality.

The company stresses that it scores high marks in regard to SGS's Capability Audit Commerce, Production and Social Responsibility Compliance, especially in the packing, storage, and shipping section. This means it can promise its customers more reliable delivery and better efficiency than its peers.

In addition to its consummate production and R&D capabilities, the manufacturer boasts the production integration needed to handle nearly the full manufacturing cycle and is well versed at OEM/ODM (original equipment/design manufacturing) operations.

The quality of Ruey Ryh's products and services is attested by the company's linkage to the global supply chains of globally known brands and its ability to export to the U.S., Canada, Europe, Australia, Russia, and Asia.
