

Long Friend Plastics Co., Ltd.

Chair wheels, casters, and plastic accessories

Founded in 1981, Long Friend Plastics Co., Ltd. is a dynamic Taiwanese plastic furniture parts maker that specializes in various types of casters, chair wheels, and related furniture components.

The company has established an integrated production operation that encompasses R&D, mold design, and finishing processes, rolling out quality-controlled products for furniture manufacturers both in Taiwan and overseas.

To stay competitive, Long Friend works constantly to sharpen its manufacturing technology and cultivate the talented personnel it needs to develop innovative products that meet the needs of an ever-changing market.

After decades of accumulated experience, the company is able to generate not only standard items in mass amounts but also unique products in small volumes. To best serve its customers, the company spares no effort to upgrade its product quality and maintain reasonable price levels.

In response to growing market demand, Long Friend has expanded its operations to Vietnam in recent years while its plant in Taiwan focuses on the production of innovative products for special orders.

Committed to customer-oriented service, the company welcomes inquiries and promises prompt delivery of all orders.
