

A-Corn Enterprise Co., Ltd.

CNC-machined parts, stamped parts, solenoid valves, power-metallurgical parts, electronic parts, investment cast parts, etc.

Established in 1984, A-Corn Enterprise Co., Ltd. specializes in making various industrial parts of metal and plastic on an OEM (original equipment manufacturing) and ODM (original design manufacturing) basis.

The company supplies a wide range of auto parts, motorcycle parts, electronic parts, hardware fittings, solenoid valves, terminal slug pins, lead wires, sheetmetal, engines, etc., as well as plastic injection molded parts.

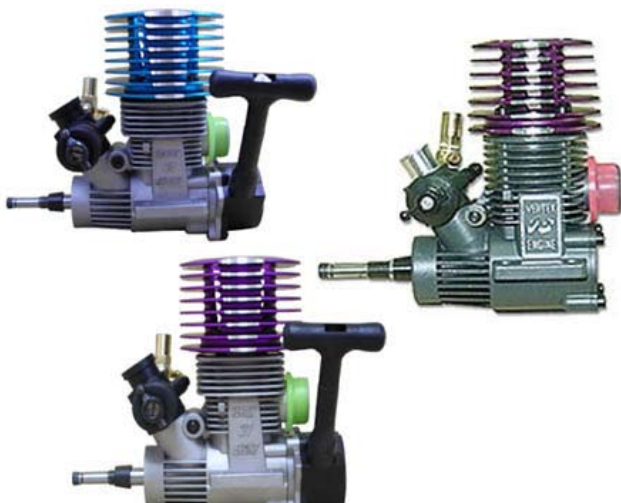

To satisfy customers with integrated manufacturing services, this firm is capable of different processes, from plastic and metal injection molding, powder metallurgy, stamping, cold forging to die casting, investment casting, CNC milling, CNC lathing and CNC machining, with available parts ranging 0.5-220mm in diameter and 2-600mm in length, which are kept within dimensional tolerance of minimum of 0.005mm.

The versatile supplier also offers cardboard box and catalogue color printing on an OEM and ODM basis.

Insisting on reliable quality, the company carries out by-the-book quality control measures in-house to be ISO TS-16949 certified.

In addition to offering competitive prices, excellent quality and on-time delivery, A-Corn also welcomes small-quantity orders, in an effort to build mutually beneficial partnerships with customers from different industries and all over the world.
