

Jawdong Industrial Co., Ltd.

Crimping tools, wire strippers, ratchet screwdrivers, cable-cutting pliers, tools for electronics and PCs

Jawdong Industrial Co., Ltd., located in central Taiwan's Taichung City, has been engaged in production and development of cable crimping tools as a seasoned maker in the field on the island.

With over 36 years of experience in manufacturing, the company has built a trustworthy name recognized by international buyers for supplying a variety of crimping tools, wire strippers, ratchet screwdrivers, high-speed ratchet screwdrivers, professional crimping tools and wire strippers, screwdrivers, electronic and computer products, hardware, cable-cutting pliers, etc.

The company's products are noted for ease of use, being multifunctional and practical for both professional and DIY users. For example, the company's multi-purpose 8-in-1 cable crimping tool is versatile enough as a wire stripper to handle wires, cables and tubing of a broad diameter range. Besides, the effort-saving tool requires only 50 percent as much force as typical models, coupled with durability that is suitable for professional use.

To achieve unquestionable quality that is sometimes hard to achieve elsewhere, the company insists on production fully in Taiwan, and adopts only quality-approved steel with top-grade hardness.

Bolstered by time-tested production and R&D capability, the company capably handles contract orders on OEM (original equipment manufacturing) and ODM (original design manufacturing) basis, and has expanded product portfolio to include electric and hydraulic crimping tools. To date, the firm's products have been exported to Japan, North America and Europe, and are particularly sought-after by professionals from auto repairing, electronics, communication and construction sectors.
