

# AEPS Trading Co., Ltd.

Pistons, cylinder liner kits, piston rings, cylinder liners, engine bearings, gasket overhaul kits, engine gaskets, engine valves, and other engine parts

**A**EPS Trading Co., Ltd. is a specialized and experienced supplier of various engine parts specifically for Japanese and Korean makes and models as well as other vehicles, having built sound reputation among the automotive segment, particularly in the aftermarket.

The company's product lineup encompasses a wide spectrum of engine system parts, including cylinder liners, pistons, piston pins, piston rings, engine valves, valve guides, pin bushings,

O-rings, gaskets, engine bearings, thrust washers, and other accessories for cars, trucks and buses from such reputed brands as Yanmar, Kubota, Komatsu, Fuso, Isuzu, Hino, UD, Toyota, Nissan, Mitsubishi, Honda, Mazda, Subaru, Suzuki, Daihatsu, Hyundai and KIA.

To ensure delivery of unquestionable quality products, the company outsources production to only qualified manufacturers with time-proven manufacturing capabilities and ample capacity in Japan and Taiwan, with all the products made under strict quality control in line with international standards and subject to stringent pre-delivery inspection.

Believing that efficiency is always key to success in the increasingly competitive market, the company holds ample inventory stored in its own systematically-managed warehouse, so as to be able to fill within the shortest time customers' rush orders and small-quantity orders to help build an edge over competitors. An effective manufacturing network composed of many dependable contract manufacturers it has worked with for a long time is also among the main factors that enable the Taiwanese supplier to satisfy customers with efficient, timely service.

The company has obtained D&B D-U-N-S certificate and SGS approvals for many of the products it supplies. Committed to offering value-added service, competitive pricing, fine quality and customer satisfaction, the company is widely known as a reliable, ideal partner for buyers looking to building successful business in the aftermarket.
