

# Tais T-P Co., Ltd.

Precision components for mold and die, diamond and CBN tools for mold and die maker, complex CNC lathing & milling products, cutting tools, precision accessories for grinding & milling machine

**F**ounded in 1990, Tais T-P Co., Ltd., has been engaged in manufacturing and exporting professional machine equipment and parts with over 20 years of experience.

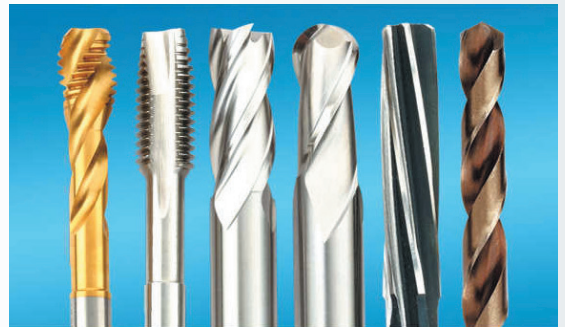

The company's product lineup includes, precision components for mold and die, diamond and CBN tools for mold and die maker, complex CNC lathing & milling products, cutting tools, precision accessories for grinding & milling machine and many others.

Inspired by real-world market experience, the veteran manufacturer has consistently improved manufacturing technologies and products according to end-users' needs of truly useful products, to help customers achieve bigger market shares with wide product variety.

Tais T-P's PNH grinding machine accessories and milling machine accessories, for example, are built to Japanese standards for European, American, and Japanese customers. Each part is subjected to thorough examination before delivery, and comes with an approved check list attached.

On another front, to expand its business scopes and provide satisfactory services, Tais T-P has been also capable of handling OEM orders and worked with firms from foreign countries on joint export.

With excellent quality and performance, coupled with reasonable price and on-time delivery, Tais T-P's products have been well received by professional buyers from Southeast Asia, Middle East and Europe.
