

Hann Kuen Machinery & Hardware Co., Ltd.

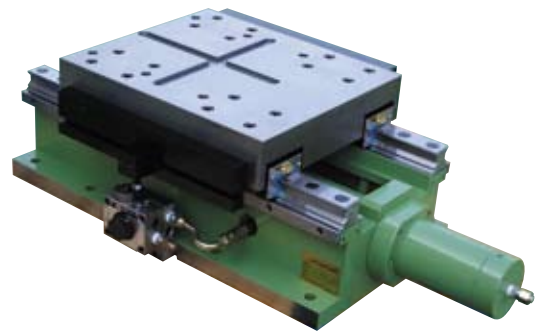

Drilling head units, boring & milling heads, NC servo slides, machinery accessories

The Hann Kuen Machinery & Hardware Co. specializes in producing and marketing a wide variety of spindles, hydraulic slides, cutting tools, and related machinery accessories. The company has more than 25 years of design and manufacturing experience.

In addition to manufacturing its own products, Hann Kuen also represents many well-known brands in the domestic and foreign markets, including Stanny (boring systems), Chandox (chucks), Skoda (live centers), Narex (milling angle heads), and Blake (centering indicators).

Located in Taichung City, central Taiwan, Hann Kuen also supplies accessories for milling and drilling machines, combination-type machines, horizontal band saws, and chamfering machines.

At present, the cutting tools and accessories offered by the company include automatic boring heads, drilling and tapping sets, chuck-change adapters, chuck-change tapers, pivot clamping devices, hydraulic machine vises, milling chucks, keyless-drill chucks, and pneumatic quick vises. Thanks to its long-term cultivation of manufacturing skills, the company has won numerous patents both at home and abroad.

Hann Kuen ships its products to the global marketplace, mainly to Europe, America, South Korea, Japan, Latin America, Southeast Asia, mainland China, and the Middle East. The company has set up a representative office in Xiamen, Fujian Province, and a branch in Wuxi, Jiangsu Province, to provide timely and efficient services to its Chinese customers.
