

Yo Jyi Company, Ltd.

Metal-forming and
stamping products

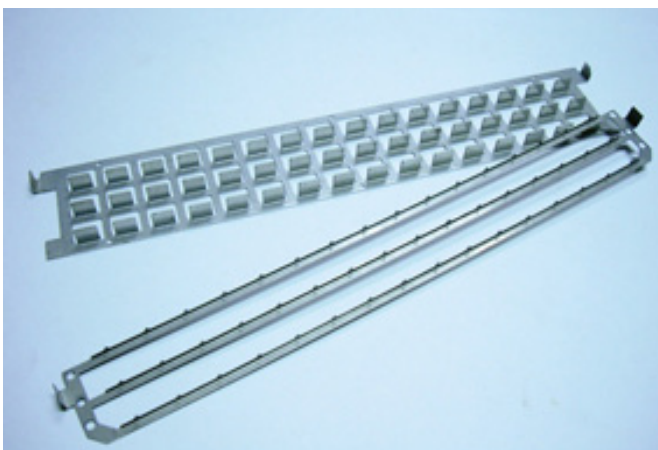

The Yo Jyi Co., founded in 1990, is a professional manufacturer of stamping parts. With over two decades of manufacturing experience, the company has accumulated a rich store of experience in metal-forming and metal-stamping technologies.

Based on the operating concept of "Trust First, Dedicated Services and Reasonable Prices," Yo Jyi focuses on meeting market demand for high-end products.

The firm's main areas of business currently consist of the manufacturing of automobile stamping parts, metal spring-leaf stamping parts, and locks and hardware stamping parts; the processing and manufacturing of various kinds of stamping parts; mold design, development, and assembly; and the welding, tapping, and assembling of metal parts.

To provide the very best of contact-manufacturing services, Yo Jyi uses integrated operations and advanced manufacturing skills, allowing it to provide quality-consistent products that satisfy the demands of the market and its clients.

The company also provides other services such as electroplating, baked-enamel coating, grinding, polishing, and anode treatment through cooperation with specialized plants.
