

JUSTIME Co., Ltd.

Bathroom brassware and bathroom fittings, faucets, plumbing fittings, bathroom faucet, bathroom cabinet

Founded in 1976, JUSTIME Co., Ltd. is a globally proven supplier of bathroom fittings and faucets with excellent R&D capability.

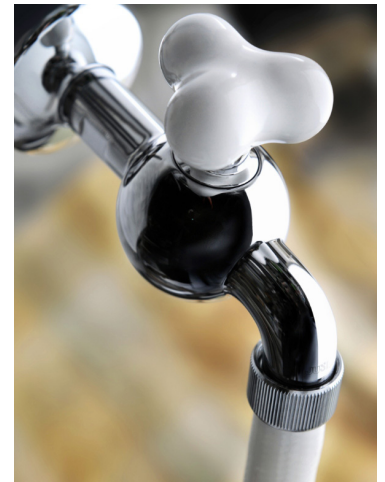

For instance, the company's latest faucet, Nature, an iF award winner in 2012, presents infinite imagination of life derived from observations of plant's organisms and is designed with conceptual contours for expounding orderless growth and the concept of meristem. Furthermore, an integrated shape with minimum joints and screws used makes the faucet easy to clean, which is one of the company's mainstay design concepts widely seen in its product lines.

In addition to Nature, the Tai Chi, Story, Dragon, Still One and Charming have also won the world's major design awards as Red Dot, IDEA, G-Mark, etc., over the past years, proving the company's outstanding R&D capabilities driven by its dedication to balancing aesthetics and functionality of faucets.

The company's own brand JUSTIME has been well known in foreign markets worldwide, and the company also leads the industry in Taiwan with consummate in-house production capability. Besides, the company has consistently improved product quality and manufacturing technologies to be certificated by ISO 9001.

JUSTIME will not only strive hard to present much more fashionable, fine works to the world, but would also like to invite those buyers looking for innovative designs to jointly share this new sanitary trend.

The company is searching for agents all over the world and sincerely invites you to join the JUSTIME team.
