

# Zung Sung Enterprise Co. Ltd.

LED flashers, flasher relays, circuit breakers, solenoid starter switches, etc.

Founded in 1989, Zung Sung Enterprise Co. is an ISO 9001:2008-certified company that is dedicated to producing electronic parts for automobiles and motorcycles. The company has strong in-house R&D and manufacturing capability, and insists on providing top quality and service.

Zung Sung offers a wide array of products, including LED flashers, flasher relays, circuit breakers, starter relays, solenoid starter switches, wiper motors, and resistors, making it an ideal one-stop-shopping provider that meets customers' demands for small-batch, large-variety production.

The company points out that "short, small, light-weight, and thin" are the current trends in electrical auto products. With abundant manufacturing experience and a full complement of modern equipment, Zung Sung is confident of its comprehensive capability in designing and producing high-caliber products.

Zung Sung's quality products are widely popular among customers in major markets such as North America, Japan, and the Middle East.

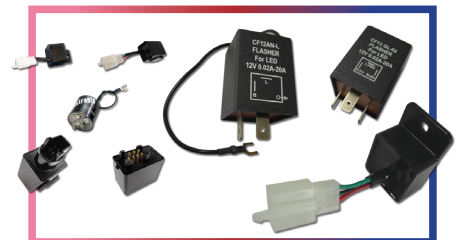

At its modern integrated factory in Changhua, central Taiwan, the company's skilled workers use advanced manufacturing equipment to achieve a monthly capacity of about 150,000 flashers, 100,000 electronic flashers, 50,000 relays, and 100,000 circuit breakers.

Zung Sung welcomes OEM/ODM orders from customers around the world, and provides a one-year warranty on all of its products.
