

# HANDY-AGE Industrial Co., Ltd.

## *Metalworking Machinery & Machine Accessories*

**H**andy-Age Industrial Co. was established in 1981 and now offers a wide range of high-quality, innovative products such as metalworking machinery, machine accessories, and hand tools.

CNC Lathe (Flat Bed Type)

The company's metalworking machinery line includes bench grinders, CNC (computerized numerically controlled) engraving and milling machines, CNC machining centers, chamfering machines, drilling machines, horizontal band saws, and lathes. Moreover, the company's machine accessory line offer clamping kits, collet chucks and arbors, dividing heads and rotary tables, drill chucks, machine vises, and many others.

The company has a highly experienced R&D team readily available to provide its customers with integrated services including product innovation and OEM/ODM (original equipment/design manufacturing) production.

Thanks to the establishment of a widespread sales network that covers both Taiwan and China, the company is able to help customers obtain the exact products require.

Handy-Age prides itself not only on its ability to provide customers all over the world with the latest market and industrial information, but also on the solid expertise with which it serves its buyers.
